PROFESSIONAL EXPERIENCE

Software engineer with more than 3 years of experience in building web applications using ReactJS and NextJS. Proficient in responsive design, RESTful API integration, and performance optimization. Seeking an opportunity to join Picon Technology to contribute technical expertise while further developing skills in microservices architecture and backend development...I good at in English. I look forward to joining a company to not only improve and share my technical skills but also learn and grow with a company.

PROFESSIONAL EXPERIENCE

Software Engineer | Oct 2022 – Present

Tenomad Co., Ltd

- Developed e-commerce and web applications using ReactJS, NextJS, Strapi, Magento 2, and NestJS.
- Collaborated closely with the backend team to integrate RESTful APIs and GraphQL into multiple projects.
- Built responsive UIs following design systems (Ant Design, MUI, ShadcnUI, and Tailwind CSS).
- Participated in designing multi-system architecture (Storefront, CMS, Auth System, Page Builder).
- Created technical documentation and joined code reviews to ensure code quality.
- Troubleshoot issues, optimized performance, and improved product features for better availability and reliability.

Frontend Developer | Jul 2022 – Sep 2022

Softworld Vietnam

- Developed responsive user interfaces using React.js and TypeScript, ensuring cross-browser compatibility and optimal performance.
- Collaborated with designers and backend developers to integrate RESTful APIs and improve overall user experience.
- Implemented reusable components and optimized UI workflows following clean code and modern frontend best practices
